

Outpatient Hand Surgery.

INTRODUCING WALANT — **WIDE AWAKE LOCAL ANESTHESIA NO TOURNIQUET HAND SURGERY**

Kristopher Avant, DO, Orthopedic Surgeon — Specializing in the Upper Extremity

AvantOrtho is one of the first practices in greater OKC to offer Wide Awake Local Anesthesia No Tourniquet hand surgery. WALANT is a minimal risk solution for patients who are more likely to experience side effects from general anesthesia. WALANT also removes the need for pre-operative testing which results in significant cost savings.

Easy Access to Healthcare Excellence

Several hand surgeries are amendable for wide awake surgery. Please contact AvantOrtho to see if you are a good candidate for

**WALANT — WIDE AWAKE LOCAL ANESTHESIA
NO TOURNIQUET HAND SURGERY**
